The Rushville cars will run on a one and one-half-hour schedule between this city and Indianapolis. This will be the fastest time made by any interurban line entering Indianapolis.

On the Shelbyville division, cars will run from one terminal to the other in one hour and fifteen minutes. Trains heretofore running as locals leaving Shelbyville at 8:00 a. m. and 5:00 p. m. will be run as limited trains and will leave First street, Shelbyville at 8:06 a. m. and 5:06 p. m., making stops at Acton only, arriving at the Indianapolis Terminal station at 9:21 a. m. and 6:21 p. m. The adoption of the new schedule means a slight increase in the fare rate on the limited trains only. From Rushville to Indianapolis or vice versa the fare will be 75 cents. From Rushville to Morristown, 35 cents, and from Rushville to New Palestine, the fare will be 45 cents. The fare from Indianapolis to Shelbyville or vice versa will be 50 cents.

CULVER NAVAL CADETS

Give Interesting Exhibition of
Boat Drills at Winona
Lake.

One of the features at Winona Lake, during the visit of the editors last week and for visitors in general this week, are the parades and drills of the cadets of Culver Summer Naval school, two hundred of whom are quartered in Kosciuszko Lodge, among them Lewis Frazee, son of John P. Frazee, of this city, who is a member of the cadets. They give daily drills in their six men-of-war cutters, which had been transported from Culver to Winona Lake. The main features of the stay of the cadets are the sham battles on the lake and the parades on the Athletic field.

Culver Summer Naval school is located at Culver, Lake Maxinkuckee, Ind., and is the summer session of the Culver Military Academy. It is equipped by the United States navy department with six men-of-war cutters and with elaborate equipment ordnance. It has the distinction of being the only inland naval school in the world. Its object is to give boys an interesting and well organized vacation in which they can do a little studying and get the sort of healthy outdoor life, which makes them as hard as nails and brown as berries. Its cadets come from every section of the country. The extremes of enrollment this year are represented by Massachusetts, and California, Alaska and Mexico.

MAJOR GENERAL CARNAHAN DEAD

Commander of U. R. K. of P. of
the World, Died Today at
Indianapolis.

After an illness lasting several days, Major General James Richard Carnahan, Commander of the Uniform Ranks Knights of Pythias of the world, since 1881, died today at his home in Woodruff Place, Indianapolis.

During the night stimulants were administered and it was the General's determined spirit primarily that, for a time, held him up.

Early yesterday morning his condition was slightly improved, but the change was only temporary. All of the members of the family were at the General's bedside at the time of his death. Following the temporary improvement in his condition yesterday morning he suffered considerably during the day. He was rational, but gradually grew weaker until the end came. The funeral arrangements have not been made.

THE FIGHT IS KEPT UP

The Mosquito Theory Seems
to be Born Out at New
Orleans.

New Cases Confined Almost
Wholly to Italians Who Sleep
Without Mosquito Bars.

New Orleans, Aug. 3.—Present reports of the fever situation show again an increase in the number of deaths, but the health authorities confess to no alarm over the situation and say that more fatalities are to be looked for from the fact that in the past three or four days there has been a sufficient increase in the number of cases to warrant the expectation of a heavier mortality. High temperatures succeeded by heavy precipitation and cooler weather produced climatic conditions also favorable to fatalities. Practically all of the deaths were of Italians and nearly all of them were either in the emergency hospital or in the district adjacent thereto. Some of the victims were unfortunates whose cases were only reported in the past two days, indicating that they were practically in a moribund condition when their illness was discovered.

There is no dissent among the authorities from the view expressed by Health Officer Kohnke that conditions are hopeful. There is of course a certain geometrical progression to be considered in the appearance both of new cases and of deaths, and for some time to come the visible results of the scientific campaign that is being waged will be few. In the meantime there is and there will be no relaxation in the energy with which the battle is being fought, and with only a slender number of isolated cases in the district above Canal street, it is confidently believed that once the infection begins to decline in the section below, where the conditions, sanitarily and otherwise, are more favorable for a spread of the disease, there will be little difficulty in stamping out the cases which may be under treatment elsewhere. There is no attempt to conceal the fact that the extent of the fever spells a serious state of affairs, but there is not believed to be any justification of terror which seems to have spread over the country outside of New Orleans.

GREAT PROGRESS SHOWN LAST YEAR

Mining Industry in Indiana is
Flourishing—Coal Mining is
Not as Profitable.

The year 1904 marks the greatest period in the development of the mining property of the State, according to the annual report of W. S. Blatchley, State geologist. During that period twenty-three new coal companies were organized, and forty-two new mines opened and developed.

Sullivan county shows the greatest increase in the coal industry, seven new companies having been formed during the year, and eleven new mines opened. Clay county has five new companies and fourteen new mines, nine block and fourteen bituminous. Following these two leading counties come Green, with two new companies and three new mines; Vigo, three new companies and five new mines; Knox, two companies and two mines; Parke, two mines; Vermillion, one company and two mines, and Gibson, Perry and Warrick counties each with one new company and one new mine. In spite of this opening of many new mines, the report says, the coal business, generally speaking, was not as profitable during 1904 as in the five or six years previous. The total production, which reached 9,872,404 gross tons, shows a decrease of 120,140 tons, or about 1.3-10 per cent. under 1903.

—Fred Caldwell spent the day in Greensburg.

Veterans who find it inconvenient to join this train at Indianapolis will be asked to join it at St. Louis.

JESSE NORRIS PASSES AWAY

Well Known and Highly Respected
Citizen Dies Wednesday
Night.

Jesse Norris, who for the past six or eight months had been suffering with cancer of the stomach, died at 9 o'clock Wednesday night at his home on North Sexton street, this city.

Mr. Norris had been going down rapidly for the past four or five weeks, and it was seen that the end was drawing near. He came to this city with his family but a few months ago from Ft. Wayne, where he had undergone an operation. The operation, although in itself successful, could not save his life.

Mr. Norris leaves a wife and one child. He was a son of the late Frank Norris and was born in Rush county. He was about thirty-six years old and was a man possessing many fine qualities. He was an excellent musician and had gained quite a reputation in New York.

A post mortem examination of the body was made this afternoon by Dr. J. C. Sexton and a number of other physicians.

The funeral services will be held at 10 o'clock Saturday morning at the Main Street Christian church with burial at East Hill cemetery.

A. W. TOMPKINS SELLS GROCERY

Wholesale and Retail House
is Purchased by Rush Coun-
ty Grocery Co.

A. W. Tompkins has disposed of his wholesale and retail grocery establishment in the Guffin block, corner of Morgan and Second streets to J. A. Bowbrink, of Lawrenceburg, Ind. Tom. P. Havens will manage the store for Mr. Bowbrink and it will be known as the Rush County Cash Grocery. Mr. Havens will take possession on next Monday.

Mr. Tompkins will sell his property on North Harrison street and will move to Indianapolis, where he is interested in W. T. Bacon and Co.'s wholesale grocery store on South Delaware street, which was opened last May.

Lowell, the five-year-old son of Mr. and Mrs. Will Kirkpatrick, north of town, died about 10 o'clock this morning at his home, of stomach trouble, following a short illness. The funeral services will be held Saturday afternoon at 2 o'clock at the Main Street Christian church.

JUSTICE IS TOO LENIENT

This is the Opinion of Jay
County's Prosecutor Who
Takes Action.

Singular Complication Grows
Out of Quarrel in Which a
Gun is Used.

Portland, Ind., Aug. 3.—On the assumption that justice is being trifled with in Richland township, Prosecutor Wheat has issued a warrant charging Thomas Murphy, a farmer, with an attempt to murder William Keener. It is alleged that Keener and Murphy had an altercation on a public road Monday. Murphy later went to Keener's place and dragged the latter from his home. Keener was feiled with a blow from a gun barrel. Murphy had the muzzle of the gun against Keener's breast, ready to fire, when Mrs. Keener and a son rushed from the house.

The woman struck the gun, knocking the muzzle from her husband's breast. It was discharged, however, and the contents passed through her skirt, lacerating her ankle and tearing away her garments.

Murphy went to Justice Berry at Dunkirk, where Mrs. Murphy filed an affidavit charging assault and battery on Keener. Murphy paid \$1 and costs, thinking this would close the incident. Another justice put him under a small peace bond, but Prosecutor Wheat ordered his immediate rearrest.

FUNERAL OF WILL CUMBACK

Indiana Statesman Buried Today
at Greensburg—Many Local
People Attend.

Quite a number of Rushville people went to Greensburg this morning to attend the public funeral of Hon. Will Cumback, which was held at 10:30 a. m., today, at the family residence, conducted by Rev. George Murphy, assisted by Rev. Alonzo Murphy, T. B. Peery, Wm. Peery, Marshall Craver and Joseph Drake. The honorary pall bearers were: For the Loyal Legion, George F. McGinness and Admiral George Brown; G. A. R., M. D. Tackett and Walter McElroy; Bar, Jas. K. Ewing and John Osborne; I. O. O. F., S. Porter and Charles Woodard; Union Veteran Legion, A. P. Bone and Thomas Shirik. A large delegation from the Loyal Legion, of which Governor Cumback was commander, attended the funeral in a body.

The body lay in state at the family home, between the hours of 8:30 and 10:30 o'clock this morning when friends were given an opportunity to look for the last time upon the remains.

The burial took place at three o'clock this afternoon and was attended only by the immediate relatives and intimate friends of the family.

J. M. Buell and family have moved into their new house, on East Sixth street.

Morristown is to have a big circus on Saturday, August 12th. Lemon Brothers will exhibit there.

All members of Ivy Company U. R. K. of P. are requested to be present at the regular meeting tonight.

If any man living in this city wishes to see a good horse race, he need not go to Eastern cities, where he can witness races on the Grand Circuit. If he would only stand at the corner of Main and Fifth street for a short time each night he could see enough horse racing to satisfy him. The young farmer boys who come to town to spend the evening generally get into a mix-up of this kind each night and are unmolested by the police.

ANOTHER NEW LAW

It is Unlawful to Misrepresent
Young Fruit Trees
Sold.

It is unlawful for any firm or corporation as principal or agent to sell to any person, persons, firm or corporation any fruit trees representing same to be of certain kind, variety and description and thereafter deliver to such person trees of a different kind so ordered and sold.

Upon conviction of any person violating this law, a fine of not less than \$50, or more than \$500 shall be imposed. A prosecution under this act may be commenced at any time within five years after the delivery of the trees.

HARRY JONES LEAVES TONIGHT

Will Race Fourteen Fast Horses
on Grand and Western
Circuits.

Everyone was wide awake at Riverside Park, this morning, for Harry Jones and his horsemen were packing their trunks, and getting the horses into condition to leave this city tonight for Davenport, Iowa. A score of men were busily engaged in the preparations, and every one of them was looking forward to a successful racing tour.

Mr. Jones will race on almost a dozen different tracks before he will return to this city. He will race in Davenport, Iowa; Decatur, Ill.; Galesburg, Hamlen, Minn.; Milwaukee, Wis.; Libertyville, Columbus, Cincinnati, Ohio; Lexington and Memphis, Tenn. Some of these tracks are in the Grand Circuit, and Mr. Jones will have good horses to compete with.

He will take the following string of horses with him: Fantine 2:06 1/4, New Richmond 2:07 1/4, George S. 2:08 1/4, Bonner 2:11 1/4, Effie Afton 2:13 1/4, Windhost 2:17 1/4, Wickstell 2:17 1/4, Marveletta 2:26 1/4. Besides these horses, he will take several green trotters which have no mark as yet.

Mr. Jones said that he was starting out with the intention of winning if he possibly could, and his friends in this city wish him success on his tour.

ZANESVILLE IS SHUT OUT

Rushville Team Wins Second
Game of Series
5 to 0.

A telegram was received here this morning from Manager Geraghty at Zanesville, O., stating that the Rushville team shut out the Zanesville bunch, yesterday afternoon, in a fast game by a score of 5 to 0.

Mr. Geraghty did not say who pitched the game, but it was Dugan's turn in t of ox and it is, therefore, presumed that he pitched the game. The hits and errors in the game are not known.

The Rushville team will arrive home tomorrow and will play at Knights-town tomorrow afternoon. Wagner will pitch.

Pitcher Connaughton, who became disgusted with himself for losing that Greensburg game, is here and wants a berth on the team. He has pitched some wonderful ball of late, especially for the Indianapolis Reserves on their southern trip and he says that he is in the very pink of condition.

John Cullen (McClellan), Rushville's hard hitting catcher and second baseman, has returned with the Reserves from the trip south and will join the local team Saturday. He will catch the game Sunday against Connersville.

RACES WILL BE GOOD AT FAIR

It is Said by Horsemen That
Grand Circuit Racers Will
be at County Fair.

Fast Time Will be Made on Mina
Tracks Since Pool Selling
is Prohibited.

It is the general opinion of horsemen in this county that the races at the county fair this year will be much better than usual. In fact it is the general opinion all over the State that the minor fairs will all have good races.

Horsemen give a reason for this statement. They say that since all pool selling has been prohibited on the grand circuit tracks in nearly all of the State in the East and Middle West, that the races have all been called off, and that the horse owners, in order to keep their animals in training, will race them at the county fairs and minor racing tracks. If there is any truth in this statement, Rush county should come in for her share of the races this year.

Dick Wilson will soon return from the east as the man whose horses he was training, has decided to go out of the business, as he did not think it would pay him to keep a large string of valuable race horses, which he found that he would not be able to race to a good advantage.

The racing business on the grand circuit is now in a very poor condition and many horsemen are willing to sell out and quit. Successful races cannot be had, it is thought, unless pool selling can go along with it.

Additional Local News.

Many Democratic editors approve of Gov. Hanly's actions in regard to pool selling.

Mr. and Mrs. James Newhouse have moved into their new house, corner Seventh and Jackson streets.

The ball game which is to be played here next Sunday between the local team and Connersville, is being advertised extensively.

Several people from this city witnessed Haganbeck's trained animal show at Indianapolis Wednesday and they say that it was beyond their expectations.

W. R. Martin, the sign painter, was busily engaged yesterday in painting signs which were used to announce the bridal couples as they boarded the 9:38 rain Wednesday night.

M. F. Cover, who for some time has been the agent in this city for the U. S. Express Co., has resigned and will be succeeded in a few days by a young man from Middletown, O.

—Mrs. Albert Smith, of Indianapolis, is visiting her parents, Mr. and Mrs. Noble Brann, of this city.

—Mrs. Maude House and children, who have been visiting Mr. and Mrs. Alvin Moore, have gone to Connersville for a visit.

The principal charge for which socialism may be censured, is that it leads many sincere people who are intelligent in many ways to expect the impossible and makes no provisions whatever for the disappointment and the inevitable anarchy that would follow an attempt to conduct a government according to the plans of the socialists.

Because a Senator has been convicted of a crime, it is no reason to assume that United States senators on the average are any worse than when men guilty of similar or worse crimes have not been convicted. On the contrary it seems to us that the signs are rather healthy than otherwise when men are convicted of crimes similar to those that anyone in times past might have committed with comparative impunity.

Governor La Follette, of Wisconsin, has been making a wonderful fight in that State for what he calls the rights of the people. Powerful are the forces this man has to fight, but so far he has won victories that at the outset seemed impossible. To what degree these victories will bring real profit to the people in the end is a question as to the popularity of the man. So when a correspondent of the Chicago Chronicle says that "three out of every four or four out of every five" of the people in Wisconsin believe in La Follette, he lays down a proposition not to be disputed. Not all of these people may agree with all his theories, but it is a fact nevertheless that he is on the popular side of the questions he has taken up. And here is suggested a fact that is to be kept in mind all the while by those who are opposed to La Follette.

POLITICAL GOSSIP

Deputy State Auditor Being Recommended to Succeed His Chief.

Indianapolis, Ind., Aug. 3.—It seems that nearly all the Republican leaders of Marion county are lining up for John Billheimer, deputy auditor of state, in his canvass for the nomination for auditor. Letters endorsing his candidacy are being received by Mr. Billheimer every day. Many of these are from Indianapolis men, but many, too, are from prominent politicians all over the state. As deputy auditor, Mr. Billheimer has familiarized himself with the details of the office as no other man in the position has for a long time. Among the Republicans who have declared themselves in favor of Mr. Billheimer's candidacy are Harry New, acting chairman of the national Republican committee; Congressman Overstreet of the Seventh district, and Watson of the Sixth; A. A. Young, collector of customs; Floyd Woods, chairman of the Seventh district; Joseph Kealing, United States district attorney for Indiana; State Senator Martin Hugg; Representatives William Bosson, Newton Harding, Cyrus Clark, and others.

The Republican board of primary election commissioners has authorized City Chairman Robert Metzger to canvass the returns of the primary election held on June 30, and to do all in his power to detect errors of count and evidences of unfairness.

This action was the result of a petition for a recount of the primary vote filed by Ferdinand C. Smock, who failed by twenty-one votes to get on the ticket as candidate for councilman at large. In his petition Mr. Smock charged carelessness on the part of the election commissioners in tabulating the returns. While the work of the city chairman will not be exactly in the nature of a recount, it will lead to the same result. Mr. Smock is given the privilege of informing Chairman Metzger which bags he desires reopened that their ballots may be compared with the totals filed by the judges. Charles A. Bookwalter, who was nominated for mayor on the ticket, recommended that Mr. Smock's petition be properly and fairly considered.

Dr. Hurty, secretary of the state board of health, has taken it upon himself to compel the railroads of the state to improve the sanitary conditions about their stations. He has just returned from a tour of Indiana, which showed him that the railroads are very derelict in providing clean waiting and toilet rooms. Already he has addressed letters to various companies, warning them to "clean up." Dr. Hurty does not anticipate any trouble in securing a compliance with his orders. He thinks that the conditions are largely due to negligent agents. "We have received several replies," he said, "in which the railroad officials expressed surprise at the conditions as depicted in the letters sent from this office, and thanked us for informing them of the true state of affairs, as well as assuring us that they would see to it that compliance was made immediately. The sanitary conditions about most of the stations visited by myself were such as to start and spread disease."

BOLD BANK BURGLARY

New Town in Illinois Given a Shaking Up by Cracksmen.

Danville, Ill., Aug. 3.—The safe of the bank of Royal was robbed of \$4,000. Nitroglycerin was used to open the safe and the bank building was almost demolished. The safe door was blown through the roof of the building and the safe so shattered that the robbers had difficulty in finding the money it had contained. The explosion was heard for miles, and the noise brought citizens from their houses, but they were held off at muzzle of guns until the robbers escaped. Shots were exchanged, but no one is known to have been injured. The bank and building is owned by Leo Freese of Ogden, and D. C. Van Doyle of Urbana. The papers and books were badly damaged. Royal is a new town on the Villa Grove branch of the Chicago & Eastern Illinois railroad.

The bank at Westville, a mining town, four miles south of Danville, was also entered by robbers, but no money was obtained.

Two stores at Potomac also were burglarized.

Mayor Under Investigation.

New York, Aug. 3.—According to statements today, Mayor William H. Belcher of Paterson, N. J., has not returned to his home there and there is considerable speculation as to his whereabouts. Prosecutor Emley of Paterson has begun an investigation based on statements concerning Mr. Belcher's alleged indebtedness to certain banks, and at once took steps to have the officers of the German American Trust company and George Allee, secretary of the Manchester Building and Loan association, before him to obtain the details.

Peru Lawyer Disbarred.

Washington, Aug. 3.—L. P. Holmon, an attorney of Peru, Ind., has been disbarred from practice before the interior department, which includes the pension department, for having attempted to forge the jurat of a pension voucher. According to the evidence in the department, Mr. Holmon was indicted for the offense.

Squadron Pays a Visit.

Stockholm, Aug. 3.—A German squadron consisting of seven battleships, eight cruisers and eleven torpedo boats arrived here last night.

Investigating Voting Machines.

Logansport, Ind., Aug. 3.—According to the bids of the several companies asking for the contract to furnish Cass county with voting machines, it will cost from \$15,000 to \$17,500 to install the machines necessary to carry on an election. One company offered to furnish the twenty-five machines needed by the county at \$600 each, while another offered to furnish the same number at \$700 each. Owing to the alleged depleted condition of the county treasury it is doubtful if the county commissioners will order the purchase of the machines at this time.

Boys Act Promptly.

Lafayette, Ind., Aug. 3.—Two boys swimming in Wildcat creek, five miles east of this city, discovered a burning bridge on the Wabash railroad and flagged the Continental Limited, the fastest train on the road, in time to prevent a wreck. The entire framework of the bridge was enveloped in flames when the train reached the place.

Cannot Survive.

Indianapolis, Aug. 3.—James R. Carnahan, past grand chancellor of Indiana and major general of the Knights of Pythias of the world, is dying at his home in this city of paralysis of the stomach, complicated with other diseases. He has been ill since last January, and for the last month has been confined to his room.

THEY'RE ALL HERE

With Mr. Witte's Arrival
Peace Mission Is Now
Complete.

A CORDIAL RECEPTION

Russian Statesman Was Evidently
Well Pleased With His Welcome
at New York City.

He Landed as Quietly and Democratically as Any of His Humber
Fellow Passengers.

New York, Aug. 3.—Clothed with plenary powers, personally prepared and signed by his sovereign, Sergius Witte, Russia's ranking plenipotentiary to the Washington conference, landed here as quietly and democratically as the most humble of his fellow passengers. Mr. Lodvgensky, the Russian consul general, went down the harbor in a revenue cutter officially to greet the distinguished envoy, and was received on deck by M. Witte while the Kaiser Wilhelm was at quarantine. Awaiting Mr. Witte at the dock was Baron Rosen, Russian ambassador at Washington, with his first secretary of embassy, Mr. Hanson. Baron Rosen came on board as soon as the ship reached the dock and cordially greeted his conferee. After ten minutes' conversation, during which the majority of the passengers landed, Mr. Witte came down the gang plank on the arm of Baron Rosen, followed by his suite, but soon found his passage impeded by a tremendous crowd, who cheered him and whose greetings Mr. Witte smilingly acknowledged by repeatedly lifting his hat. Several policemen soon came to his rescue and cleared a passage to the automobile which was awaiting the party outside the dock.

Soon after the ship left quarantine Mr. Witte, surrounded by a large group of newspaper men who came down the harbor on the revenue cutter, and by as many of the passengers as could crowd around him, called to his side Prof. DeMartens, a member of his suite, and handed to him a statement with the direction that he deliver it in English as the greeting of Mr. Witte upon his arrival in this country. Prof. DeMartens read the greeting in a clear voice, and at its conclusion Mr. Witte received a hearty ovation, which evidently pleased him and which he acknowledged by several bows and then walked away to another side of the ship to look at the statue of liberty.

As Mr. Witte does not speak English he was not pressed for an interview, but the members of his party were each approached for their views about the negotiations. Naturally on a subject of such delicacy they were reticent, but this much was ascertained beyond doubt:

In scope the powers of Mr. Witte, who comes as plenipotentiary of Russia to discuss with the Japanese plenipotentiaries means of ending the war, and provided a basis acceptable to Russia is obtained, to sign the treaty of Washington, equal in every way the powers handed to Baron Komura by the Japanese emperor. Mr. Witte brings with him instructions prepared by his emperor which outline the general policy which he is authorized to pursue. They are in many respects elastic and will aid rather than hamper Mr. Witte, provided the terms submitted by Japan, in his opinion, appear reasonable. It was also made plain by several of Mr. Witte's suite that he had not come to the Washington conference to obtain peace at any price. Officially the Russian mission is, of course, unaware of Japan's terms, and until they have been handed to Mr. Witte by Baron Komura, "Russia will await results patiently and without anxiety," was the way a close friend of Mr. Witte expressed the attitude of his country.

The officials of the Russian peace commission accompanying Mr. Witte are: J. Shipoff, director of the treasury department; Mr. Naboukoff of the foreign office; Jean Korotovit, formerly secretary of the Russian legation at Peking; Georges Plancan, formerly Russian charge d'affaires at Paris; General W. K. Samoiloff of the Russian foreign office, and Prof. De Martens, professor of international law at St. Petersburg.

Suspected Murderer Arrested.

Carmi, Ill., Aug. 3.—Sheriff Conery of White county arrested Luther Gilliam near Centerville, Ill., and he is locked up in jail here charged with the murder of William Jones, whose dead body was found near here two days ago. Jones disappeared July 22 and had \$200 and a gold watch on his person. When Jones was found he had a harter strap tied about his neck that was fastened to a sapling, and the theory is that the murderer aimed to hang the body to leave the impression that Jones committed suicide, but were frightened away before they finished their work.

TELEGRAPHERS' STRIKE

Traffic on Northwestern Roads Seriously Delayed.

St. Paul, Minn., Aug. 3.—With the telegraphers almost to a man remaining loyal to their union, chiefs and the railway officials making every effort to maintain traffic, the telegraphers' strike on the transcontinental systems of the Great Northern and Northern Pacific railroads has taken on the aspect of a war to the finish. Hundreds of men have gone out on both lines, necessitating the closing of scores of stations and immense hindrance has been caused in the moving of trains. Through limited trains and time freights by great effort have been kept almost on schedule time, but attempts have principally been abandoned to maintain local freight and passenger service. The greatest interference in schedules has been on the Idaho division, some of the fast trains being delayed five hours where the striking operators had turned the signal boards or opened the circuits. The railway officials say that they are well satisfied with the situation and that inside of ten days they will have enough men to fill the places of the strikers and maintain a normal service.

Cuban Congress Checked.

Havana, Aug. 3.—It appears to be tacitly understood among the senators that the proposition to continue the sessions of congress until November, to which both houses originally agreed, shall be practically a dead letter and that no more sessions shall be held except to pass the soldiers' pay bill and possibly a few others. The Moderates recently have been most active in preventing quorums in the senate because the Liberals would have had majorities enabling them to pass certain Liberal bills now before that body.

What Makes Collars Crack?

The cracking of the seam of double fold and wing point collars is caused by the collar being folded when the seam is not evenly dampened.

We have a machine to dampen these seams that does it just exactly right—it's built so it can't do any other way—and the girl who operates it isn't careless, either.

F. B. Johnson & Co. Say Hyomei Will Give Relief—Sold Under Guarantee.

The Season for hay fever is almost at hand, and many people feel that they will be obliged to go away in order to avoid the sneezing, watery eyes, and other annoying symptoms of this disagreeable summer disease.

F. B. Johnson & Co., wishes us to announce that when Hyomei is used as a preventive or a cure, there will be on hay fever. They advise daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the neat pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

The complete Hyomei outfit costs \$1, extra bottle 50 cents. It is the only treatment for hay fever sold by F. B. Johnson & Co., under a guarantee to refund the money if it does not give satisfaction.

INSURANCE INSPECTION

Interstate Movement May Grow Out of Chicago Meeting.

Chicago, Aug. 3.—Three large insurance companies of New York are to be investigated by the insurance commissioners of Tennessee, Kentucky, Wisconsin and Minnesota as the result of a meeting of eight state insurance commissioners held here. Another result of the conference is to be the interstate investigation of all large life insurance companies, so that alleged misapplication of funds and mismanagement may become a thing of the past.

It was the unanimous opinion of the experts attending the convention that there should be interstate inspection of insurance companies, and by that method fair and unprejudiced reports would be made on all. Only those known to be in favor of such a move and men known to be among the reform commissioners of the United States were invited to attend the conference, and it is said that a so-called combination is to be formed whereby several commissioners will look into the business of all life insurance companies having license to operate in their respective states. Some of those present at the meeting were unable to agree with the four men taking initiative in the investigation, because of lack of power. These men, it is expected, will later join the movement and make it unanimous among Western and Southern states.

The men who will go to New York on Aug. 10 and begin the investigation are Reau E. Folk, state treasurer of Tennessee, and ex-officio insurance commissioner; Henry R. Brewitt, insurance commissioner of Kentucky; Zen M. Host, insurance commissioner of Wisconsin, and Thomas D. O'Brien, insurance commissioner of Minnesota.

The other men who attended the convention, but who did not join in the movement, were W. R. Vrenenburgh, superintendent of insurance of Illinois; James W. Barry, insurance commissioner of Michigan; B. F. Carroll, auditor of state and ex-officio insurance commissioner of Iowa, and J. J. Brinkerhoff, actuary for the Illinois department of insurance. A. J. Verry, insurance commissioner of Ohio, was unable to attend.

CONTROVERSY ENDED

Sisters' Struggle for Custody of Their Mother Amicably Settled.

Chicago, Aug. 3.—An end to the struggle over the custody of Mrs. Sarah Mulholland, the wealthy widow of Vicksburg, Miss., was reached in the superior court yesterday afternoon when the parties to the controversy, Mrs. May Fovell and the Misses Daisy and Marie Mulholland, agreed to dismiss the habeas corpus proceedings begun by Mrs. Fovell, who alleged that her mother was being held a prisoner by her two unmarried daughters.

It was agreed that Patrick Henry of Vicksburg, the administrator of the Mulholland estate, shall have the management of the affairs of Mrs. Mulholland in the future. He will decide where she will live and at what times she will visit her daughters.

Church Union Proposed.

Pittsburg, Aug. 3.—A joint committee of the Methodist Protestant, Congregational and United Brethren churches met here and after discussing informally the question of consolidating the denominations, decided to gather at Dayton, O., Feb. 7, 1906, and take formal action on the matter. Nothing as to the nature of the plans for consolidating could be learned, but it was decided, however, that the plans must be ratified by the different denominations before the union can be effected. The Congregational church has a total membership of 600,000, the United Brethren church 300,000 members, and the Methodist Protestant church has 200,000 members.

End of a Big Job.

Chicago, Aug. 3.—Underground connections have been completed by the Illinois Tunnel company with all the freight houses and yards of every steam railway here. The company is now handling about 7,000 tons of freight daily and estimates that the completion of the connections with the steam railways means immediate doubling of that haulage.

Cambridge City Tribune: Curt Gosnell was at Titusville, Pa., last week and participated in two of the most sensational races of the year. In fact the history of the 2:16 pace has only been duplicated twice prior to this event. Few times in a lifetime is one privileged to see five heat winners in one race. Electric Storm, Hub Smith, Major Woodland, Ravenna Wilkes and Little Buck each took one of the first five heats paced, and the Titusville Herald says that in every heat a blanket would fairly have covered the five horses at the finish. Ravenna Wilkes won the second heat and got fourth money. The time ranged from 2:15 1/4 to 2:21. In the free-for-all pace Mr. Gosnell pitted Ella Red against his star campaigner of last year, Frank Yoakum, and drove him out in the fastest heat ever made over a half mile track, 2:05 1/4. The next heat was in 2:06 and the third heat in 2:12 in the rain. Ella Red won second money.
